

Student NUTRITION

EAT. LEARN. SUCCEED. **ONTARIO**

Student Nutrition Ontario exists to nourish students across the province. We are the unified voice - an extensive network of non-profits – that supports over 1,075,918 students aged 3-18, who receive healthy meals at school. We support their success by offering nutritious foods; empowering them to make healthy food choices and by building supportive communities.

We believe that every child deserves equal opportunity and must begin their day nourished – a foundation for success.

Through province-wide student nutrition programs, Student Nutrition Ontario supports a dedicated community that enables students to eat, learn and succeed.

Approximately 56,000 volunteers are the program's lifeblood – they show up day-in and day-out, making a lasting impact on the futures of children. Lead Agencies, community partners, and program coordinators ensure that nutritious foods are enjoyed by everyone. Finally, donors and contributors give the support needed for the many thousands of meals to be served in every part of Ontario.

With the support of our community partners, volunteers and donors we are addressing student hunger in Ontario.

These community partnerships engage school boards, public health units, communities and parents to support school programs at the local level.

Eastern Ontario: Upper Canada Léger Centre For Education and Training

Total number of programs 4,606
Total number of Students served 1,075,918
Total number of meals served 86,979,359

OUR VALUES

- Unity:** We take a provincial perspective when offering a unified voice and working towards common goals.
- Collaboration:** We work in cooperation to better student nutrition programs across Ontario.
- Respect:** We understand the differences that exist in communities across the province. We consider all perspectives, actively listen, and proceed with decisions once consensus is reached.
- Trust:** We place confidence in the leadership of SNO to work in the best interest and to speak on behalf of student nutrition across Ontario.
- Integrity:** We proceed with all we do with sincerity, honesty, and best practice while keeping the best interest of children at the center.
